Ph : 8660097120

email : nisargadhareppanavar@gmail.com

## Skills:

- Programming Language : Java
- Other languages also known : Python,Html,CSS,Javascript,C programming
- OOPs with Java

## Projects:

### **Online Voting System**

Developed a secure online voting platform that uses **face recognition** for voter authentication. Integrated **HTML, CSS, JavaScript, and PHP** for frontend and backend development. Implemented a face recognition algorithm (using Python and Dlib/OpenCV) to verify voter identity before allowing votes. Ensured database-driven management of users, candidates, and election data, enhancing voting transparency and preventing fraud.

## Education:

Course	Year	Institute	Marks
Bachelor of Engineering in computer Science	2022-2026	Basaveshwar Engineering college,Bagalkot	8.03
12 <sup>th</sup> grade	2019-2021	Vidyanikethan PU Science College Hubli	96.16%
10 <sup>th</sup> grade	2018-2019	KRCES English medium school bailhongal	94.64%

## Experience:

Fresher

## Extracurricular Activities

- Co-Organizer in WAVE hackathon conducted in BEC College.
- Gained hands-on experience in UI/UX technology at a workshop held at BEC College.
- Participated in Innovate X Hackathon, conducted at BEC for presenting an
